MONTHLY MEETING OF STATE FISH BOARD

FISH WARDEN VAN DUSEN MAKES REGULAR MONTHLY REPORT— HATCHERY MATTERS IN FINE SHAPE.

The state board of fish commissioners met in regular session in Salem yesterday. Business of a routine nature was transacted. Fish Warden Van Dusen submitted his regular monthly report.

To the Honorable Board of Fish Commissioners, Salem, Oregon.

Gentlemen:—Arrests and prosecutions during the month for violation of the laws pertaining to the fishing industry have been as per the following:

District No. 1.

June 1—Deputy Warden Brown filed complaints in the La Grande Justice Court against Stilwell & Co., and W. B. Smith, market men of La Grande, for dealing in salmon without license. Messrs. Stilwell & Co. entered a plea of guilty and were fined \$50 and costs, which they paid. The case against W. B. Smith was dismissed upon motion of the district attorney inasmuch as the evidence furnished was insufficient to show that he was handling salmon fish, or that he had been handling salmon fish.

June 4—Upon information furnished by Water Bailiff W. A. Mack, William Mortensen of Mt. Angel was arrested for dumping sawdust into Butte Creek. Upon being arraigned before Justice Stipp of Oregon City, Mr. Mortensen entered a plea of guilty, whereupon he was fined \$50 and costs, which he paid.

June 15—Deputy Warden Brown filed complaints in the St. Helens Justice Court against the Patterson Lumber Co. and the Oregon-Kansas Lumber Co., two milling concerns of Rainier, for allowing sawdust to be dumped into the waters of the Columbia River. June 25th, the Patterson Lumber Co. appeared in court and entered a plea of guilty, whereupon a fine of \$50 and costs was imposed, which they paid. The Oregon-Kansas Lumber Co. appeared in court June 29th and entered a plea of guilty, whereupon a fine of \$50 and costs was imposed, which they paid.

Deputy Warden Brown and Water Bailiff Settem in the Oregon Patrol, made the following arrests and seizures: June 21—C. E. Thorp of Ridgefield, Washington, was arrested for fishing in the Columbia River without license. Upon being arraigned in the St. Helens Justice Court, the same day, Mr. Thorp entered a plea of guilty, whereupon he was fined \$50 and costs, which he paid.

June 21—Two set-nets and about five hundred (500) feet of sturgeon line were found in the waters of the Willamette Slough in a condition to take salmon and sturgeon; this being the close season period, for the Willamette River and all of its tributaries, said named gear was seized and confiscated.

June 22—Andrew J. Peterson of Skamokawa, Wash., was arrested for fishing for salmon in the Columbia River with a gill-net without properly numbering his net or boat. Upon being arraigned in the Astoria Justice Court, June 24, Mr. Peterson entered a plea of guilty, whereupon he was fined \$10 and costs, which was paid.

June 29—Complaints were filed in the Astoria Justice Court, against E. J. Clayton, Peter Ulfers and I. C. Bjorge, three fishermen of Westport, Oregon, found fishing for salmon in the Columbia River, with gill-nets without properly numbering their nets or boats.

Hatchery Operations.

We have succeeded in collecting a fine lot of spring chinook salmon in the Clackamas River below the dam at Cazadero and it now looks very much as though we were going to be able to retain them in a healthful condition. It is early yet to be sure on that score but they appear to be contented with their confinement; and if nothing serious happens in the meantime and their

spawn matures properly, we should get a good lot of eggs during their spawning period.

Reports from the McKenzie River Hatchery go to show that we are again this year getting a fine lot of spring chinook salmon in that stream and that we will be successful in trapping and holding a large percentage of them for spawning purposes.

Patrol Boat.

The gasoline patrol boat, built especially for patrol work amongst the fisheries on the Columbia River and its tributaries, by R. M. Leathers, contractor, of Astoria was finished complete according to contract entered into March 7, 1907 for the building and equipping of said boat; and on June 15, 1907, the date specified under said contract for the completion thereof it was duly accepted by Water Bailiff Ole J. Settem, superintendent in charge of its construction. Immediately thereafter, the boat was placed in commission and taken to the Willamette River, in charge of Water Bailiff Settem and Deputy Warden Brown for the purpose of looking after the close season period, which began June 15 for that stream and its tributaries. After matters on the Willamette were attended to, the boat was taken to the lower Columbia and its presence amongst the fisheries of those waters is very noticeable.

Receipts.

Amount received from fines and penalties	\$ 123.33
Licenses issued	1,132.50
Licenses, Second District.....	\$7.50

Total amount received.....\$1,343.33

Disbursements.

The accounts against the department which I have approved and present herewith for payment amount to the sum of \$5,636.06; \$3359.06 of which is against Hatchery Fund, District No. 1; \$99.14 is against Hatchery Fund, District No. 2; \$3.80 is against the Special Appropriation Constructing Columbia River Hatcheries; \$840.65 is against the Special Appropriation Operating and Maintaining Coast Hatcheries; \$83.33 is against the Special Appropriation for the Salary of the Clerk for the State Fish Warden's office, \$50 is against the Special Appropriation for the Salary of Deputy Fish Warden for Fishing District No. 2; and \$1400.38 is against the Special Appropriation for the Salary and Expenses of the Master Fish Warden and Deputy Fish Warden.

Very respectfully submitted,

B. Van Dusen,
Master Fish Warden.

AUTOMOBILE BREAKS HORSE'S LEG

VALUABLE ANIMAL IS DESTROYED—
—BELONGED TO TROY LAUNDRY—
—SANBORN'S MOTOR CAR DOES
THE DAMAGE.

In a collision which occurred yesterday afternoon about 4:30 between the horse-drawn wagon belonging to the Troy Laundry and an automobile driven by Frank Sanborn the horse's leg was broken at the foleck joint and had to be shot. The horse was a valuable animal and was driven by a lad known as Johnnie. Whether he is to blame or the automobile driver is not clear, since both refuse to give an account of the accident. Since it occurred however several complaints have come to the Astorian office of the reckless way in which motor cars are driven in the city streets.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25c at Charles Rogers' drug store.
